RE: Docket # 0400162

Dear Chairman Miller:

The purpose of this letter is to inform the Authority that SkyLine has completed the technical and network requirements necessary to provide number portability and is compliant with the wireless to wire line number portability requirements for the Shady Valley exchange.

SkyLine Membership Corporation would like to withdraw our previous Request for Waiver. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "John R. Dixon".

DOCKET NO. 0400162

In the Matter Of)	
Petition of Skyline Membership)	NOTICE OF COMPLIANCE AND
Corporation for Limited Modification of the)	REQUEST TO WITHDRAW WAIVER
Requirement to Provide Number Portability)	
)	
)	

Pursuant to Section 251(f)(2) of the Communications Act of 1934, as amended (the "Act"), 47 U.S.C §251(f)(2), Skyline Membership Corporation (hereinafter Skyline) previously petitioned the Tennessee Regulatory Authority ("Authority") for an extension of time in which to implement wire line-to-wireless local number portability ("LNP") in its Shady Valley exchange (NPA-NXX 423-739). Pursuant to that Request, Skyline did not seek any substantive ruling by the Authority on wireline-to-wireless LNP. Instead, Skyline requested only an extension of the date upon which it was otherwise required to provide porting of wireline numbers to wireless carriers in the Shady Valley exchange. In support of its request, Skyline respectfully showed unto the Authority that.

1. Skyline Membership Corporation is an incumbent local exchange company that provides local exchange and exchange access services within the States of Tennessee and North Carolina

2. Skyline serves primarily rural areas and does not serve two percent or more of the Nation's total number of subscriber lines

3. Under the Act, Skyline was entitled to seek suspension and/or modification from this Authority of its respective obligations and duties under Section 251(b) and (c) of the Act, including the obligation to provide LNP, in appropriate circumstances.

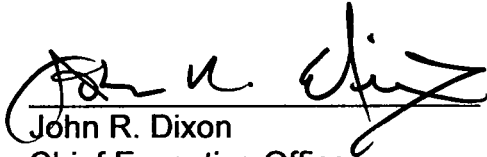

4 In its Petition for a Waiver, Skyline cited a number of economic, technical and network issues that rendered it impossible for Skyline to meet the number portability deadline previously imposed.

5 The purpose of this Notice is to advise the Authority that Skyline has completed the technical and network requirements necessary to provide number portability to the Shady Valley exchange and that Skyline is now compliant with the wireless to wire line number portability requirements for the Shady Valley exchange

WHEREFORE, Skyline Membership Corporation respectfully requests that the Authority accept this Notice of Compliance and permit the Request for Waiver previously filed in this docket to be withdrawn.

Respectfully submitted, this the 15th day of October, 2004
